

CONCENTRATED FOUNTAIN SOLUTION UF300

TECHNICAL SPECIFICATIONS

Description	Concentrated Fountain Solution UF300 is manufactured by MyLan Group. This product is formulated to use with sheetfed offset printing press. Fountain solution containing UF300 will prevent odor, which is caused by bacteria during prolong usage. It also provides clean and shape images for every print
Compositions	Concentrated Fountain Solution UF300 contains water, pH controlling agents, chelating agents, anti-odor agents, cleaning agent and wetting agents.
Usage	Dilute 2 to 3 % of UF300 with tap water. It can be used directly with the automatic dilution systems equipped with the offset printing presses.
Specifications	pH value between 4 to 6 at 25°C
Safelight	None required - daylight handling
Shelf life	12 months under recommended storage conditions
Packaging	10, 20 liters
Transport and storage	Should be stored flat and away from excessive cold, heat and humidity. Use in a controlled environment of 5°C – 30°C and 40 – 80% RH, non-condensing
Availability	Contact your local MyLan Group representative. See the list of our Distributors at www.mylangroup.com for contact information.
